Discover VebaBox

#The reliable, removable, self-sustained cold chain solution

The VebaBox is an actively cooling insert container that can be placed in the cargo space of a commercial vehicle.

The VebaBox is not only **more flexible** than a vehicle conversion but also requires a **lower investment**. Furthermore, the VebaBox can be amortized over multiple vehicles as it can be transferred into the next vehicle.

This means you invest in a reliable cooling solution only once!

#VebaBox

- ✓ Best value for money solution
- ✓ No modifications to the vehicle necessary
- ✓ For every commercial vehicle
- ✓ Cool, freeze & controlled room temperature

VebaBox Economy Line

Refrigerated vehicle vs. VebaBox

Discover why the VebaBox is a better and cheaper alternative to a traditional refrigerated vehicle conversion!

#Refrigerated commercial vehicle

- ✓ High purchase costs
- ✓ Permanent installation (cannot be taken to the next commercial vehicle)
- ✓ Low trade-in value
- ✓ High maintenance costs
- ✓ Long delivery time (conversion can take weeks)

#VebaBox

- ✓ Up to 60% cheaper
- ✓ Removable (can be taken to the next commercial vehicle)
- ✓ High trade-in value
- ✓ Low maintenance costs
- ✓ Short delivery time (installed within 2 days)
